

Cookie Policy

EFFECTIVE DATE	LAST UPDATED
July 23, 2026	July 23, 2026

This Cookie Policy explains how CapConnect uses cookies and similar technologies on its websites and Services.

1 1. What These Technologies Are

Cookies are small text files stored on a browser or device. Similar technologies include pixels, tags, scripts, local storage, and software development kits.

2 2. Categories

2.1 Strictly Necessary

Used for authentication, security, fraud prevention, load balancing, preferences required to operate the site, and account functionality.

2.2 Functional

Used to remember language, interface, and optional product settings.

2.3 Analytics

Used to understand traffic, product usage, performance, and user journeys.

2.4 Advertising

Used to measure campaigns, build audiences, limit repetition, and deliver relevant advertising where legally permitted.

3 3. Choices

Where required, CapConnect will request consent before using non-essential technologies. Visitors may change choices through the cookie settings interface. Browser settings may also block or delete cookies.

Opting out does not necessarily eliminate all advertising, and some technologies may be required for the Services to function.

4 4. Do Not Track and Universal Opt-Out Signals

CapConnect will process legally recognized browser-based opt-out signals where required and technically supported. Treatment may vary by jurisdiction and context.

5 5. Provider List

CapConnect may use cookies, pixels, tags, scripts, local storage, and similar technologies from providers including Vercel, Supabase, AWS, Twilio, Instantly, Signal House, Sales Robot, Stripe, analytics providers, monitoring providers, security providers, and advertising or conversion-measurement platforms used to operate, secure, improve, and measure the websites and Services.

6 6. Contact
